PRODUCT REGISTRATION

Important: The product registration form on page 12 and a copy of your receipt must be completed and returned within 10 days of purchase to validate your warranty.

Preparing for Assembly

- Be sure to unpack all of the parts included in this package. Some parts may be in obscure locations of the packaging. Check inside any tubes or sleeves. Save all packing material until the product is fully assembled and functional.
- Compare the parts in your package with the Parts Identifier description on page 4.
- After unpacking large products, some disassembly may be required prior to beginning the assembly.

Tools Required

- Wrench (#19) - Included with table
- Phillips screwdriver (not included)
- Level (not included)
- Electric screwdriver may be helpful. CAUTION: You must set at LOW TORQUE and use extreme caution because you could overtighten the hardware, strip the screws, or damage the table.
- Rubber mallet or hammer (not included)

Assembly Tips

Make sure you understand the following before you begin to assemble your pool table.

1. READ THIS MANUAL all the way through before beginning assembly.
2. When installing parts that have more than one bolt, start ALL bolts in that part by hand before tightening anything.
3. Some drawings or images in this manual may not look exactly like your product.
4. You will need a second adult to assist with this assembly.

Note: Save all packing materials until the parts have been inspected and the table is assembled.

Unpack the Pieces

- Lay the box on a flat surface (floor). You may want this near your area of assembly.
- Unpack the boxes and part bags. Inspect and count the parts. The Parts Identifier page can be used to record your results.
- If any parts are damaged or missing contact GLD customer service.
- Missing fasteners may be purchased at a hardware store using the descriptions on the Parts Identifier page(s).

STEP 1 - ATTACH LEGS

- 1. Place the main cabinet (#1) assembly bottom up on the floor.
- 2. Position the four legs (#2) with the studs in the holes of the cross brace.
- 3. Use two washers (#4) and two nuts (#3) to secure each leg (#2).

STEP 2 - TURN BASE OVER

The base assembly is ready to be turned over.

USE AT LEAST TWO PEOPLE TO LIFT THE BASE ASSEMBLY AND TURN IT OVER TO REST ON THE LEGS.

DO NOT ROLL THE TABLE OVER. This will place a sideways force on the legs. The legs should be off the floor until the base assembly is rotated completely. Set the base assembly down.

If visually the leg positions need adjusting, loosen the bolts, adjust, and retighten.

DO THIS**NOT THIS****STEP 3 - ATTACH PLAYERS**

1. Identify the position of the player rods by the number of holes in the rod. The top view will help to locate correct positions.
2. Assemble the handles (#15) to the player rods. Find the end of the player rod that has a hole approx. 6 inches from the end. Stand the rod up and place the handle (#15) over the end. Use a mallet to hammer the handle onto the rod.
3. Insert the end of the player rod (#7, #8 or #9) into the correct bushing on the side of the table.

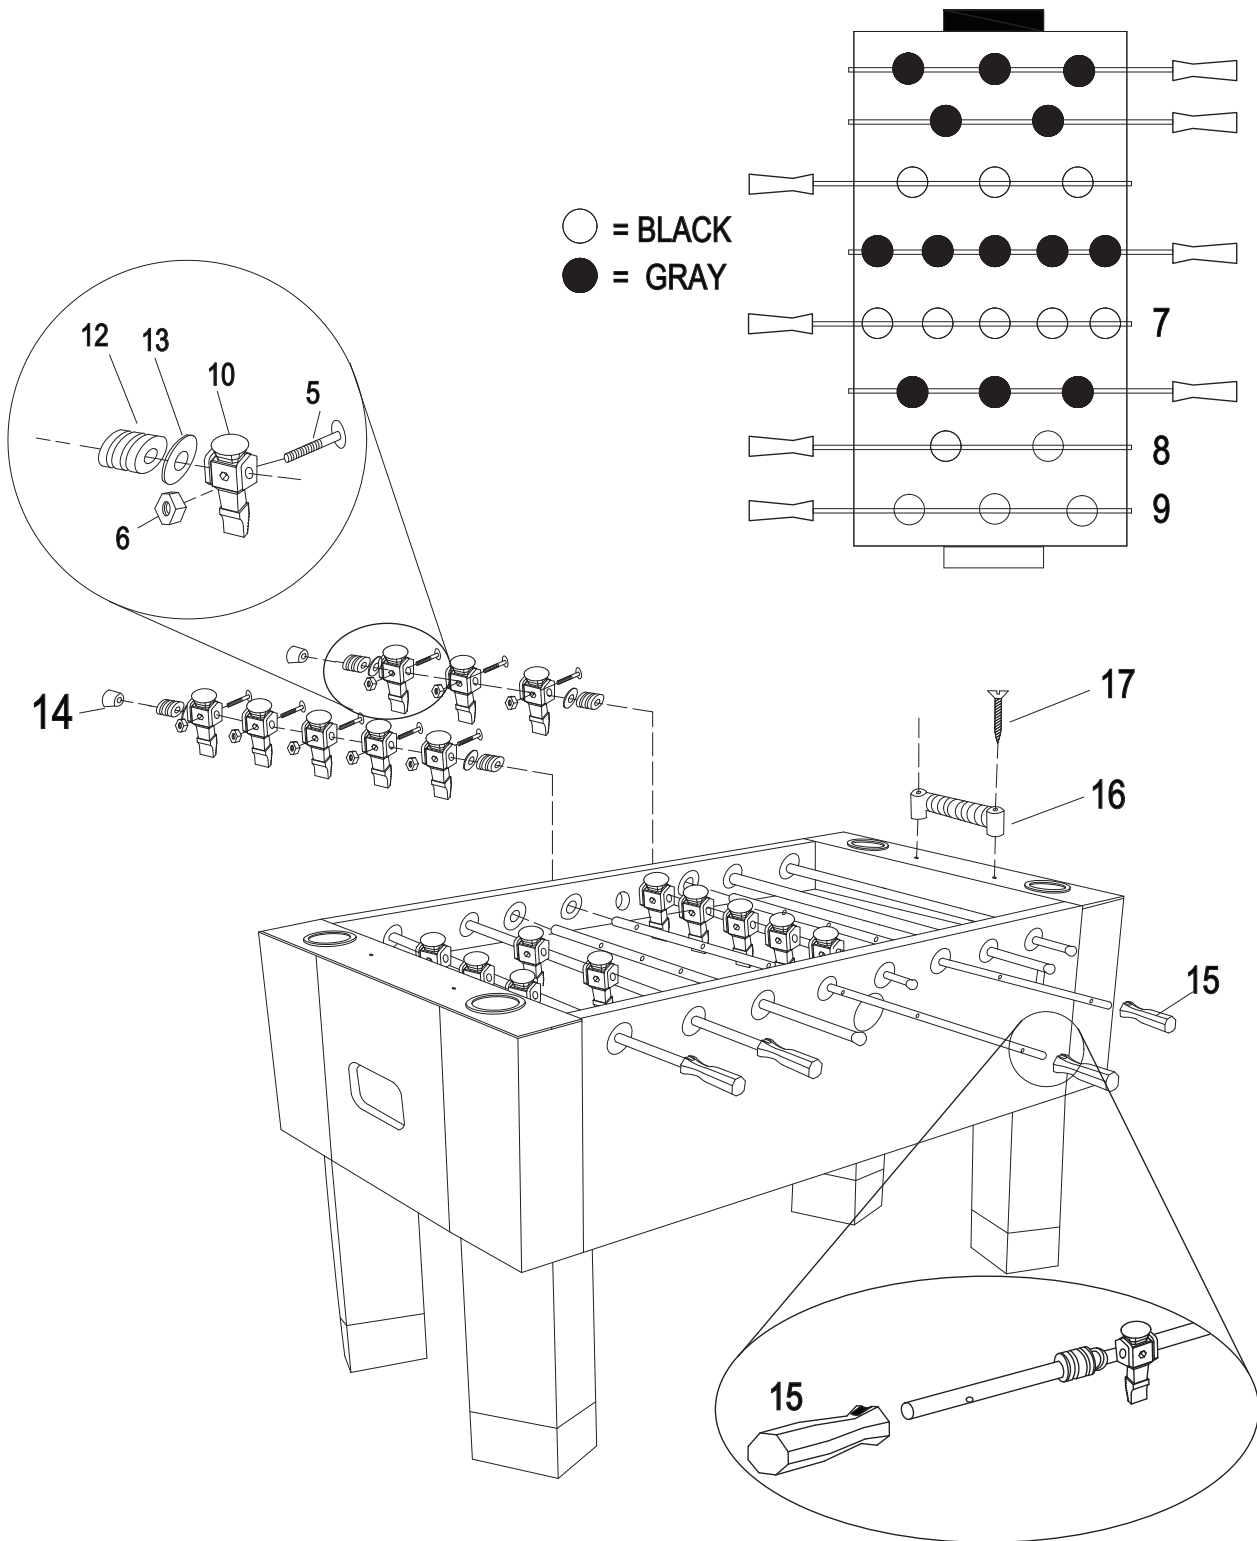

NOTE: The handles for each color team will be on the same side.

4. Slide a bumper (#12) followed by a washer (#13) onto the rod.
5. Select the players (#10 or #11) onto the rod. The “feet” may not have the same shape on both sides. All players should face the opponents goal.
6. After the last player is on the rod, place a plastic washer (#13) then a bumper (#12) onto the rod. Push the end of the rod into the second bushing.

NOTE: The player rod should spin freely even though the players are not secured in place.

7. Secure the players (#10 or #11) to the player rod using a bolt (#5) and a lock nut (#6). Tighten to keep the players from moving.
8. On the end of the player rod away from the handle, push an end cap (#14) over the rod.
9. Repeat for the remaining player rods. Pay attention to team colors and foot direction.

10. Position the two slide scorers (#16) above the goals. Use two screws (#17) in each one to secure it to the table.

STEP 4 - LEVEL THE TABLE

1. Use a carpenters level and place shims or spacers under the legs as needed. Only basic leveling (if any) is needed as this is a fast game and the ball is always moving.

Care and Use of your Table

- This product is intended for INDOOR use only.
- DO NOT sit, climb, or lean on the table.
- DO NOT drag the table when moving it. This will damage the legs.
- To clean the hard surfaces spray a cloth with a mild cleaner and wipe.

90-DAY LIMITED WARRANTY

The Manufacturer warrants to the original retail purchaser that this product is free from defects in material and workmanship under normal use and conditions for a period of ninety (90) days from the date of original purchase. The Manufacturer's liability is limited to the repair or replacement, at its option, of any defective product and shall not include any liability for indirect, incidental or consequential damages of any kind.

Should this product become defective due to material or workmanship within the warranty period, contact our Customer Service Department. This warranty is not transferable and does not cover normal wear and tear or damage caused by improper usage, negligence, misuse, abuse, transportation damage, acts of nature, or accident (including failure to follow the instructions in this manual). It does not cover expendable items such as batteries, light bulbs, fuses, accessories, cosmetic parts and other items that wear out due to normal usage. This warranty is also void if the product is disassembled and reassembled, damaged, modified from its original state, or used for other than indoor personal residential use (no commercial or rental applications).

This warranty gives you specific legal rights, and you may have other rights which vary from state to state.
