Not for use by children without
adult supervision.

PRO GAME TABLES

This manual is provided to instruct you during the assembly of your new Fat Cat™ Queen Victoria™ Soccer Table. Please refer to it as necessary. Be sure to have another person help you assemble the table.

Careful handling of all parts during assembly will ensure many years of enjoyment!

H PRO TIP H

Arrange all of your tools before you begin assembly.

Tools

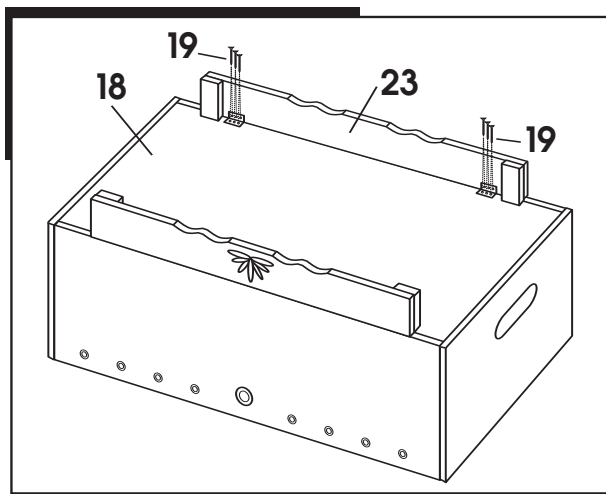

Assembly of the Fat Cat™ Queen Victoria™ Soccer Table requires the following common tools:

- Phillips screwdriver
- Level
- Allen wrench (included)

Assembling Your Queen Victoria™ Soccer Table

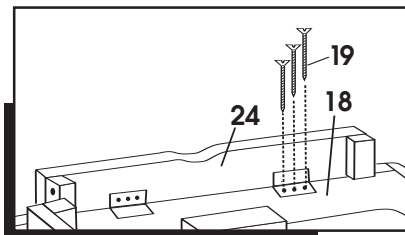

Step 1. Attaching the side aprons

Working bottom side up on a clean, soft surface, attach (#23) side apron panels to (#18) base using (#19) screws.

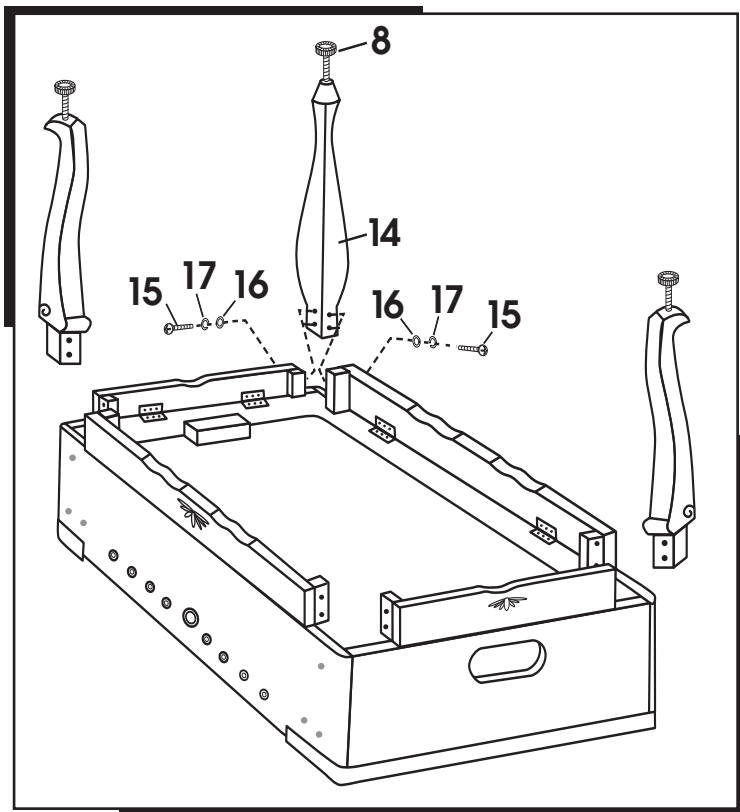

Step 2. Attaching the end aprons

Attach (#24) end apron panels to (#18) base using (#19) Phillips screws.

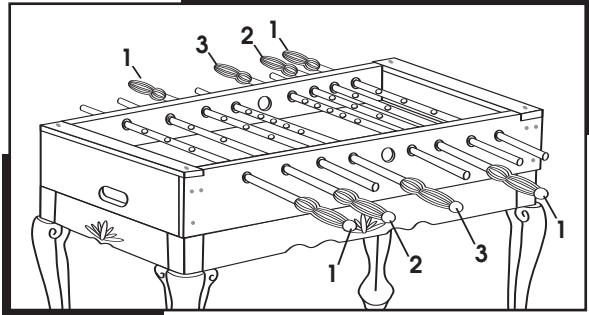

Step 3. Attaching the legs

Attach (#14) legs to corners of playing field using (#16) washer, (#17) spring washer, and (#15) screw. Screw (#8) leg levelers part way into predrilled holes in the bottom of each leg. With the help of another person, flip table right side up and adjust leg levelers one at a time by turning until table rests perfectly level to the floor. This helps ensure that the balls return properly during play.

Step 4. Placing the player rods

Thread the playing rods through the bearing holes in the sides of the cabinet in the following order: (#1) handle to the right, (#2) handle to the right, (#1) handle to the left, (#3) handle to the right, (#3) handle to the left, (#1) handle to the right, (#2) handle to the left, (#1) handle to the left. Do NOT attach rod end caps.

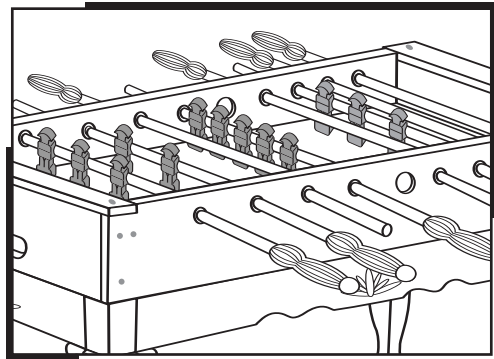

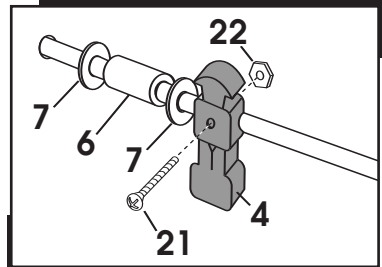

PRO TIP Using silicone spray on the player rods helps ensure smoother play.

Step 5. Attaching the players

Blue Team: Standing on the right side of the table, pull the uncapped end of the (#1) three-hole player rod through the bearing hole on the opposite side of the table, keeping it threaded through the bearing hole nearest you.

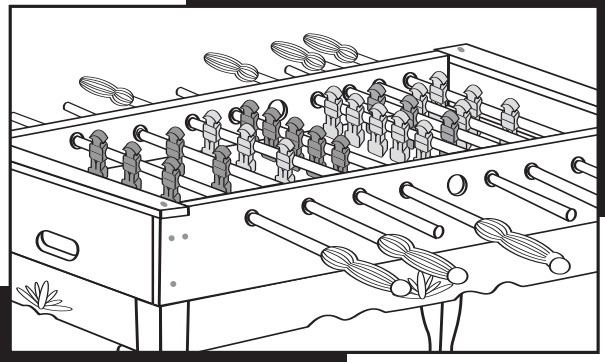

Thread (#7) PVC washer, (#6) rubber bumper, (#7) PVC washer, three (#4) Blue Foosmen, (#7) PVC washer, (#6) rubber bumper and (#7) PVC washer. Secure (#4) Blue Foosmen to player rod with (#21) screw and (#22) lock nut.

Continue with positions two, four and six before moving to the other side of the table to assemble the red team.

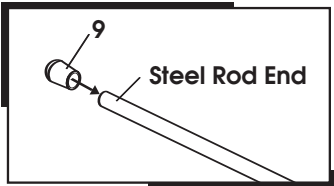

Step 6. Attaching the players

Repeat Step 5 for the (#5) Red team.

Step 7. Assembling the player rods

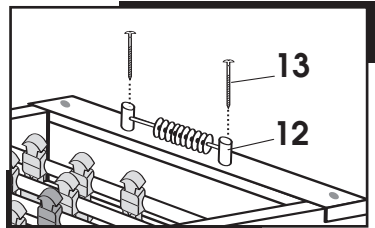

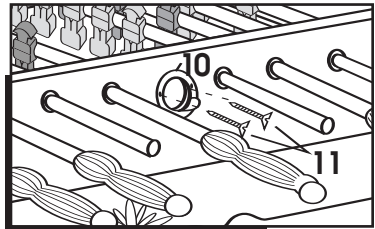

Rethread player rods through opposite bearing hole and slide (#9) rod end cap onto rods.

Step 8. Adding the finishing touches

Set (#10) ball entries into holes on side of playing field. Secure with two (#11) Phillips head screws.

Attach (#12) score racks on each side of playing field with two (#13) Phillips round head screws.

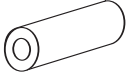

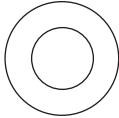

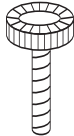

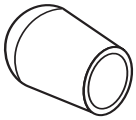

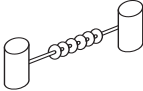

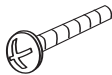

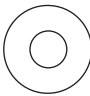

Tap (#25) wood plugs into screw holes along outside of table.

You are now ready to play!
